## Scripps reports fourth-quarter results

For immediate release

February 26, 2016

CINCINNATI - The E.W. Scripps Company (NYSE: SSP) today reported operating results for the fourth quarter of 2015. Unless otherwise indicated, all operating results comparisons are to the Scripps historical results for the fourth quarter of 2014, recast to reflect newspapers as discontinued operations.

For the quarter, the net loss from continuing operations was $\$ 21.5$ million or 25 cents per share. The quarter included a $\$ 45.7$ million non-cash pension settlement charge and Journal-related transaction and acquisition integration costs of $\$ 1$ million. Excluding these charges, income from continuing operations would have been $\$ 7.8$ million or 9 cents per share.

## Fourth-Quarter Highlights

- Revenues from continuing operations were $\$ 205$ million, up $\$ 54$ million from last year.
- Retransmission revenue more than doubled in the quarter to $\$ 35.9$ million. We completed a new agreement, in effect from January 2016 to June 2019, with Time Warner Cable covering approximately 3 million households. The agreement will contribute to a more than 50 percent increase in retransmission revenues in 2016 over 2015.
- We signed a network affiliation agreement covering our five NBC-affiliated stations, which are located in West Palm Beach, Florida; Milwaukee and Green Bay, Wisconsin; Kansas City, Missouri; and Tulsa, Oklahoma.
- We signed 10 new agreements that put Newsy in front of growing audiences of over-the-top news consumers, many of them millennials who enjoy Newsy's approach to national and international news coverage.
- We completed an offering of lump-sum pension benefit payments to eligible participants in our largest pension plan. Lump-sum payments totaling $\$ 148$ million were paid from plan assets. After the offering, we recorded a non-cash pension settlement charge of $\$ 45.7$ million for actuarial losses.
- On Oct. 1, we sold KNIN, a Boise, Idaho, FOX affiliate we had to divest as part of the Journal merger, for $\$ 14.5$ million.

Commenting on the results, Scripps Chairman, President and CEO Rich Boehne said:
"Finally, 2016 is upon us, and we anticipate the highest revenue year in our television division's history as we hit the very top of the four-year political advertising cycle. We are positioning our stations to make the most of the anticipated record broadcast television election spending. That includes making strategic investments to maintain and grow strong ratings, especially in the markets where we expect the greatest presidential election spending. We have one of the most attractive presidential election advertising footprints in the industry, and we're well prepared to make the most of it.
"We finished the year by completing the integration of the former Journal Communications stations. We will launch our original programs The List and Right This Minute in six former Journal markets this year as well as launch The List in syndication starting in September 2016.
"In the fourth quarter, our over-the-top video news service Newsy finalized distribution deals with 10 new partners, which puts Newsy's original reporting and fresh take on global news in front of the growing OTT audience. All of these new partners join Apple TV and Comcast's Watchable, both of which went live with Newsy during the fourth quarter, in providing the company with an even stronger foothold in the high-value video advertising marketplace.
"Podcast industry leader Midroll Media, which we acquired in July, hit several milestones as 2015 came to a close. It expanded its core offerings of comedy and entertainment shows and added popular parenting and nonfiction storytelling categories. Midroll also inked a deal to be a launch partner for Google Play Music's first podcast offering, set to launch later this year. And it continued to grow its paid audience through its Howl subscription service. The development of audio and video OTT brands such as Newsy and Midroll are part of our strategy for capturing new audiences and revenue in fast-growing marketplaces."

## Fourth-Quarter Operating Results - Continuing Operations

Revenues increased $\$ 54$ million, or 36 percent, to $\$ 205$ million, compared to the fourth quarter of 2014. The increase was primarily a result of the acquisition of the television and radio stations from Journal as well as increases in retransmission revenue. Revenue from acquired operations accounted for approximately $\$ 71$ million of operating revenues in the quarter.

Retransmission revenues more than doubled to $\$ 36$ million. During 2014, we renegotiated retransmission agreements covering more than one-third of cable and satellite television subscribers in our legacy markets, and our 2015 results reflect the renewal of those agreements.

Costs and expenses for segments, shared services and corporate were $\$ 173$ million, up from $\$ 112$ million, primarily driven by expenses from the acquired stations and higher programming fees.

## Fourth-Quarter Operating Results - Adjusted Combined Basis

In order to provide more meaningful year-over-year comparisons, we are providing non-GAAP supplemental information for certain revenues and expenses for prior-year periods on an adjusted combined basis.

The adjusted combined revenue and expense information illustrates what the combined Scripps/Journal operations would have been, given the assumptions outlined in the supplemental materials and had the transaction been effective at the beginning of 2014. Refer to the "Supplemental Information" section that begins on page E-7 of the attached tables.

Operating revenues decreased 11.5 percent to $\$ 205$ million. An $\$ 11$ million or 46 percent increase in retransmission revenue and 50 percent growth in digital revenues were offset by a $\$ 42$ million decline in television political advertising during this non-election year.

Costs and expenses for segments, shared services and corporate were $\$ 173$ million, up from $\$ 157$ million, primarily due to higher programming fees.

## Fourth-quarter results by segment compared to prior-period adjusted combined amounts were:

## Television

In the fourth quarter of 2015, revenue from our television group was $\$ 171$ million, down $\$ 29$ million. Retransmission revenue increased $\$ 11$ million while political advertising revenue decreased $\$ 42$ million in the off-cycle year.

Advertising revenue broken down by category was:

- Local, up 0.2 percent to $\$ 90.2$ million
- National, down 0.8 percent to $\$ 38.3$ million
- Political, $\$ 2.1$ million in 2015 compared to $\$ 43.9$ million in 2014

Core (local and national) advertising increased 1 percent on a same-station, adjusted combined basis, excluding the results of KNIN for 2014.
Retransmission revenue was up 46.5 percent to $\$ 35.9$ million.
Total segment expenses increased 12 percent to $\$ 129$ million, driven by increases in programming fees tied to affiliation agreements we signed with ABC covering 10 of our stations in December 2014 and with CBS for Nashville in July.

Fourth-quarter segment profit in the television division was $\$ 41.4$ million, compared to $\$ 83.8$ million in the year-ago quarter.

## Radio

Revenue was $\$ 19$ million, down from $\$ 21.3$ million in the 2014 quarter as advertising slowed in the later part of the quarter. Political revenue decreased $\$ 700,000$. Expenses were $\$ 15.2$ million compared to $\$ 16.1$ million in 2014.

Segment profit in the radio division was $\$ 3.9$ million in the fourth quarter of 2015, compared to $\$ 5.2$ million in the 2014 quarter.

## Digital

Digital revenue was $\$ 13.2$ million, up $\$ 4.4$ million from the prior period. Excluding Midroll, revenue increased 18 percent.
Expenses for the digital group were $\$ 17.1$ million, an increase of $\$ 3.9$ million from the prior-year period.
Segment loss in the digital division was $\$ 3.9$ million in the fourth quarter of 2015, compared to $\$ 4.4$ million in the 2014 quarter.

## Financial condition

On Dec. 31, cash and cash equivalents totaled $\$ 108$ million while total debt was $\$ 399$ million.
From mid-May through Feb. 24, we repurchased 1.2 million shares at an average price of $\$ 18.88$.

## Notes to Results of Operations

## 1. SEGMENT INFORMATION

We determine our business segments based upon our management and internal reporting structure. Our reportable segments are strategic businesses that offer different products and services.

Our television segment includes 15 ABC affiliates, five NBC affiliates, two FOX affiliates, two CBS affiliates and four non big-four affiliated stations. We also own five Azteca America Spanish-language affiliates. Our television stations reach approximately $18 \%$ of the nation's television households. Television stations earn revenue primarily from the sale of advertising time to local and national advertisers and retransmission fees received from cable operators and satellite carriers.

Our radio segment consists of 34 radio stations in eight markets. We operate 28 FM stations and six AM stations. Radio stations earn revenue primarily from the sale of advertising to local advertisers.

Our digital segment includes the digital operations of our local television and radio businesses. It also includes the operations of national digital businesses such as Newsy, an over-the-top ("OTT") video news service, and Midroll, a podcast industry leader. Our digital operations earn revenue primarily through the sale of advertising and marketing services.

Syndication and other primarily includes the syndication of news features and comics and other features for the newspaper industry.
We allocate a portion of certain corporate costs and expenses, including information technology, certain employee benefits and shared services, to our business segments. The allocations are generally amounts agreed upon by management, which may differ from an arms-length amount. Corporate assets are primarily cash and cash equivalents, restricted cash, property and equipment primarily used for corporate purposes and deferred income taxes.

Our chief operating decision maker evaluates the operating performance of our business segments and makes decisions about the allocation of resources to our business segments using a measure called segment profit. Segment profit excludes interest, defined benefit pension plan expense, income taxes, depreciation and amortization, impairment charges, divested operating units, restructuring activities, investment results and certain other items that are included in net income (loss) determined in accordance with accounting principles generally accepted in the United States of America.

Effective April 1, 2015, we began reporting our digital operations as a segment. We have recast the operating results for television, syndication and other, and shared services and corporate in prior periods to reflect this change.

## 3. EARNINGS PER SHARE ("EPS")

Unvested awards of share-based payments with rights to receive dividends or dividend equivalents, such as our RSUs, are considered participating securities for purposes of calculating EPS. Under the two-class method, we allocate a portion of net income to these participating securities and therefore exclude that income from the calculation of EPS for common stock. We do not allocate losses to the participating securities.

## ADJUSTED COMBINED SUPPLEMENTAL INFORMATION

We are providing this supplemental non-GAAP (Generally Accepted Accounting Principles) information to illustrate what the combined Scripps/Journal broadcast operations would have been had the transactions been effective at the beginning of 2013 with the new segment reporting structure, given the assumptions contained therein.

Management uses the adjusted combined non-GAAP supplemental information for purposes of evaluating business unit and consolidated company performance. The company therefore believes that the non-GAAP measures presented provide useful information to investors by allowing them to view the company's businesses through the eyes of management, facilitating comparison of results across historical periods and providing a focus on the underlying ongoing operating performance of its businesses.

The company uses the adjusted combined non-GAAP supplemental information to supplement the financial information presented on Scripps GAAP historical basis. This non-GAAP supplemental information is not to be considered in isolation from or as a substitute for the related GAAP measures and should be read only in conjunction with financial information presented on a GAAP basis.

The historical adjusted combined financial information contained in the following supplemental information is for informational purposes only. These results do not necessarily reflect what the historical results of Scripps would have been if the acquisition of Journal's broadcast operations had occurred on January 1, 2013. Nor is this information necessarily indicative of the future results of operations of the combined companies. The preparation of the adjusted combined financial information includes the use of estimates that may not have been accurate and assumptions that may not have been valid had the transactions occurred on January 1, 2013. However management believes them to be reasonable.

The historical adjusted combined financial information is not pro forma information prepared in accordance with Article 11 of SEC regulation $S$-X, and the preparation of information in accordance with Article 11 would result in a significantly different presentation.

The historical adjusted combined financial information constitutes forward-looking information and is subject to certain risks and uncertainties that could cause actual amounts to differ materially from those anticipated. See "Risk Factors" and "Cautionary Statements Regarding Forward Looking Information" included in our 2014 Annual Report on Form 10-K or as amended in subsequent filings.

The 2015 and 2014 historical adjusted combined amounts reflect the historical combined results of Scripps and Journal's broadcast operations, and the television stations acquired from Granite. The newspaper operations of Scripps and Journal that were spun-off have been excluded from the historical adjusted combined amounts.

## Non-GAAP reconciliation

Below is a reconciliation of Scripps historical reported revenue and income (loss) from operations before income taxes to the adjusted combined revenue and adjusted combined income (loss) from operations before income taxes.

| (in millions) | 2015 |  | Q4 2014 |  |
| :---: | :---: | :---: | :---: | :---: |
| The E.W. Scripps Company operating revenue, as reported | \$ | 715.7 | \$ | 150.6 |
| Journal Broadcast acquisition |  | 62.5 |  | 82.1 |
| Other revenue adjustments, primarily retransmission revenue |  | (1.3) |  | (1.2) |
| Adjusted combined operating revenue | \$ | 776.9 | \$ | 231.5 |
| (in millions) | 2015 |  | Q4 2014 |  |
| The E.W. Scripps Company income from continuing operations before income taxes, as reported | \$ | (99.4) | \$ | 16.6 |
| Journal Broadcast acquisition, assumed acquisition January 1, 2013 |  | 12.3 |  | 28.2 |
| Depreciation and amortization purchase price adjustments |  | (2.1) |  | (2.0) |
| Transaction synergies ${ }^{(1)}$ |  | 2.5 |  | 2.5 |
| Other revenue adjustments, primarily retransmission revenue |  | (1.3) |  | (1.4) |
| Shared services and corporate adjustments ${ }^{(2)}$ |  | 3.2 |  | 1.9 |
| Eliminate acquisition and integration costs incurred from the Journal transactions |  | 38.0 |  | 2.5 |
| Interest expense adjustments ${ }^{(3)}$ |  | (1.9) |  | (1.8) |
| Other expense adjustments ${ }^{(4)}$ |  | - |  | 5.5 |
| Adjusted combined income from continuing operations before income taxes | \$ | (48.7) | \$ | 52.0 |

${ }^{(1)}$ Adjustment reflects expected operating efficiencies in the TV division gained from the combination of Scripps and Journal
${ }^{(2)}$ Adjustment reflects corporate and shared services on a normalized run rate
${ }^{(3)}$ Adjustment reflects the additional interest expense from the incremental $\$ 200$ million term loan borrowing and the Journal subordinated notes payable that was assumed by Scripps
${ }^{(4)}$ Adjustment reflects the elimination of a 2014 write-down related to a minority interest in a newspaper content business

The 2015 and 2014 adjusted combined historical results do not necessarily reflect what the historical results would have been and are not necessarily indicative of future results.
