GAMCO Asset Management Inc., together with the other participants named herein (collectively, "GAMCO"), has made a definitive filing with the Securities and Exchange Commission of a proxy statement and an accompanying BLUE proxy card to be used to solicit votes for the election of GAMCO's slate of three highly-qualified director nominees to the Board of Directors of The E.W. Scripps Company, a Ohio corporation (the "Company"), at the Company's upcoming 2018 annual meeting of shareholders, or any other meeting of shareholders held in lieu thereof, and any adjournments, postponements, reschedulings or continuations thereof.

On April 13, 2018, GAMCO filed Amendment No. 16 to its Schedule 13D, which included the following disclosure:

On March 26, 2018, GAMCO filed a definitive proxy statement with the Securities and Exchange Commission in connection with its solicitation of proxies to elect Ms. Colleen Birdnow Brown, Mr. Raymond H. Cole and Mr. Vincent L. Sadusky, to the Board of Directors (the "Board") at the Issuer's 2018 Annual Meeting of Shareholders ("Annual Meeting"). The Annual Meeting is scheduled to be held on May 10, 2018 in Cincinnati, Ohio.

Why?

GAMCO is trying to help management increase intrinsic value. We believe the Issuer should engage three proven individuals with hands on knowledge of operations in the broadcast ecosystem. The total cost for adding these three individuals to the Board is less than 1/6th of the outlays that management is spending to preclude this help and we estimate a fraction of engaging outside consultants. The Issuer disclosed in its 2018 proxy statement that the total compensation earned (cash & stock awards) in 2017 by the three non-employee directors elected by Scripps' Class A shareholders at last year's annual meeting was \$485,642. In addition, the Issuer disclosed in its 2018 proxy statement that it expects aggregate expenses related to the proxy contest to be approximately \$3,000,000 (of which \$1,700,000 was spent as of March 20th).

GAMCO believes that if the Issuer improved its Broadcast Cash Flow (BCF) margins by 600 basis points, bringing it closer to public peers, it could create about \$0.5 billion of value at 7x BCF. The improvement could boost the price of SSP shares, accelerate deleveraging and enhance the Issuer's currency for potential TV station M&A that could expand the scale of the Issuer's broadcast operations.

In addition, the Signatories to the Scripps Family Agreement control the Board.

Why not add three proven individuals to the Board to bring more focus to all shareholder concerns?
